Ethical. Innovative. Professional

Our Mission

"Dedicated to the provision of ethical, innovative and bespoke security solutions"

Our Core Values

Our core values represent how we as a company and employees want to conduct ourselves in every aspect. These values are the path to achieving our goals.

1. Ethical

We will conduct ourselves ethically at all times, both as a business and as individuals.

To achieve this we will;

- Commit to continually improving staff pay rates and working conditions
- Engage meaningfully with our clients, their staff and their customers
- Be transparent in communications with our suppliers
- Strive to set the benchmark for others to follow
- Ensure that our communications are clear and concise
- Maintain an open door policy
- Promote a positive culture and environment for staff to thrive in

2. Innovative

We will be creative and original in managing our business, introducing new methods and ideas.

To achieve this we will;

- Invest and develop the systems we use
- Continue to be a technology led business
- Strive to change the perception of the security industry
- Implement new methods of delivery, across all areas of our business.
- Create our own path, not be led by industry norms.
- Invest in the training and development of our most valuable asset, our staff.

3. Professional

We will conduct ourselves professionally at all times, both as a business and as individuals.

To achieve this we will;

- Maintain high standards of appearance and conduct both internally and externally
- Nurture a customer-centric approach.
- Work collaboratively as a team
- Be accountable, as a business and as individuals.
- Continue to invest to maintain the office network structure and vehicle fleets
- Design, develop and invest in new systems to improve efficiencies
- Be transparent when engaging with clients, consumers, industry stakeholders and our employees.
