

Integrated Management Systems Policy Statement

Key Security Group provides both physical and electronic fire and security services. This includes the provision of static guarding, CCTV management & operation, mobile services, including keyholding, lone worker response and vacant property protection and the design, installation, maintenance and commissioning of electronic fire and security systems. Our aim is to meet and exceed our customer’s requirements and to meet the requirements of all relevant statutory regulations applicable to our staff, operations, services and products as well as the standards and codes relevant to our business operations. These include but are not limited to:

- SIA Approved Contractor Scheme
- ISO 9001:2015
- ISO 14001:2015
- ISO45001:2018

Key Security Group work to an Integrated Management System (IMS) which assists Key Security Group in maintaining high technical standards and a commitment to excellence in all business activities. The IMS also demonstrates how we comply with the requirements laid down in the sector schemes and accompanying product standards for the services provided.

Significant quality and health & safety and environmental aspects and risks shall be identified and reduced by carrying out risk assessments, management reviews, site and office inspections, process, standard and best practice risk based internal and site audits.

The Director of Key Security Group has agreed appropriate objectives and targets that relate to the risks that the organisation controls or has influence over. Progress against agreed objectives and targets shall then be presented for review at the regular management review meetings and any changes to the defined objectives and targets agreed. Our objectives evolve with our business and are tied and linked to our critical success factors. We endeavour to embrace, deliver, measure and develop our objectives in the pursuit of service excellence.

Our ethos is continual improvement, not just in the way in which we conduct business, but in how that impacts on the lives of our stakeholders and local and global community. We are committed to the protection of the environment and the prevention of pollution.

We are committed to providing safe and healthy working conditions for the prevention of work related injury and ill-health.

This policy is made available to all interested parties and shall be communicated accordingly.
